EXTRACT FROM RULE X, RULES OF THE HOUSE OF REPRESENTATIVES

RULE X

ESTABLISHMENT AND JURISDICTION OF STANDING COMMITTEES

The Committees and Their Jurisdiction

1. There shall be in the House the following standing committees, each of which shall have the jurisdiction and related functions assigned to it by this clause and clauses 2, 3, and 4; and all bills, resolutions, and other matters relating to subjects within the jurisdiction of any standing committee as listed in this clause shall (in accordance with and subject to clause 5) be referred to such committees, as follows:

* * * * * * *

(s) Committee on Small Business

(1) Assistance to and protection of small business, including financial aid.

(2) Participation of small-business enterprises in Federal procurement and Government contracts.

In addition to its legislative jurisdiction under the preceding provisions of this paragraph and its general oversight function under clause 2(b)(1), the committee shall have the special oversight function provided for in clause 3(g) with respect to the problems of small business.

GENERAL OVERSIGHT RESPONSIBILITIES

2. (b)(1) Each standing committee (other than the Committee on Appropriations and the Committee on the Budget) shall review and study, on a continuing basis, the application, administration, execution, and effectiveness of those laws, or parts of laws, the subject matter of which is within the jurisdiction of that committee and the organization and operation of the Federal agencies and entities having responsibilities in or for the administration and execution thereof, in order to determine whether such laws and the programs thereunder are being implemented and carried out in accordance with the intent of the Congress and whether such programs should be continued, curtailed, or eliminated. In addition, each such committee shall review and study any conditions or circumstances which may indicate the necessity or desirability of enacting new or additional legislation within the jurisdiction of that committee (whether or not any bill or resolution has been introduced with respect thereto), and shall on a continuing basis undertake future research and forecasting on matters within the jurisdiction of that committee. Each such committee having more than twenty members shall establish an oversight subcommittee, or require its subcommittees, if any, to conduct oversight in the area of their respective jurisdiction, to assist in carrying out its responsibilities under this subparagraph. The establishment of oversight subcommittees shall in no way limit the responsibility of the subcommittees with legislative jurisdiction from carrying out their oversight responsibilities.

SPECIAL OVERSIGHT FUNCTIONS

3. (g) The Committee on Small Business shall have the function of studying and investigating, on a continuing basis, the problems of all types of small business.
